Troubleshooting Errors and Error Messages

- "Choose an avatar"
    - Appears when a player tries to create or join a room without selecting an avatar
        - Pick one of the four grey avatars
        - When it is colored, that avatar is selected
        - Click "Create Game" or "Join Room" again
- Not able to create a game
    - When clicking "Create Game" the user is not moved off of the landing page
        - Verify an avatar is selected
        - Check internet connection
- Not able to join an ongoing game
    - When clicking "Join Game" the user is not moved off of the landing page
        - Verify with team captain that the game code is correct
        - Check internet connection
- Not able to select words in gameplay
    - When clicking on word buttons, nothing changes
        - Verify that the captain has pushed out a hint
        - Verify that it is your team's turn
        - Check internet connection
- 404 Page not Found
    - Webpage does not exist
        - Contact Developer
